Three Complete Novels: *The Cat Who Could Read Backwards* / *The Cat Who Ate Danish Modern* / *The Cat Who Turned On and Off*

by *Lillian Jackson Braun*

Prize-winning reporter Jim Qwilleran and his extraordinary Siamese cats Koko and Yum Yum always land on their feet. This special volume includes the first three books in the series.

The Cat Who Could Read Backwards: Modern art is a mystery to many-but for Jim Qwilleran and Koko it turns into a mystery of another sort.

The Cat Who Ate Danish Modern: Reporter Qwill isn't thrilled about covering the interior design beat. Little does he know that a killer has designs on a local woman featured in one of his stories.

The Cat Who Turned On and Off: Qwill and Koko are joined by Yum Yum as they try to solve a murder in an antique shop.
